

SKETCH-A-CLOSET

Fax to: (408) 353-4277

Have a great idea about how you want your closet? Or maybe you have the basic layout in that will work best for you. Simply sketch your closet, tell us your needs, and we will design your custom closet for you. Don't worry if you are not too handy with the tape measure – but if you are – Great! That will be helpful. But we will still come to you for the final measurements and design.

Draw a top-down view of your closet on the grid below. Include wall measurements and ceiling heights/slopes. Please note height and thickness of baseboards or baseboard heating. Measure doors and windows, including molding. Tell us location and type of door (folding, sliding, etc.) and how it opens. There may be pipes, access panels, outlets, and switches in your closet. Be sure to tell us where they are, so that we can design around them.

We look forward to designing your closets with you.
